TO HAVE NEW MINISTER

The East Superior Church of Christ from which Chas. D. Poston recently resigned to accept the ministry of the church at Clovis, New Mexico, has been in communication with Rev. J. F. Williams, who has for the past three years been the minister of the church at Saginaw, Mich., inviting him to visit and consider the Alma pulpit.

Rev. Williams has consented to come to Alma to look the field over to determine whether or not it is such a field as he desires and which he can best fill, and he will occupy the pulpit on Sunday, October 3, both morning and evening.

Rev. Williams has carried on an unusually successful ministry at Saginaw and the church here will consider itself fortunate should he consent to accept a call to Alma.

His subject for Sunday, October 3, will be: morning, "The Gospel for the Present Age;" evening, "A Message from the Throne."

A cordial welcome is extended to all to meet and worship with us. Come out and hear Rev. Williams.

STRAW VOTE

Rexall Stores Conducting National Wide Straw Vote on President.

The most accurate and far reaching straw vote of any presidential election ever attempted in this country is now under way. Millions of ballots will be cast in this test vote, and at least two weeks before the November elections those who follow this straw vote will be able to tell without fear of contradiction who is to be the next occupant of the White House, and by how many votes he will win.

In order to accomplish this titanic task eight thousand Rexall Drug Stores in the United States have been designated by the United Drug Company of Boston, as the balloting points. In each store a clerk has been detailed to conduct the ballot and thus insure a sure and fair test to vote. There will be no stuffing of the ballot boxes, nor will there be any repeating.

The big unknown quantity in the forthcoming election is the women's vote. In order to accurately compute this vote, two ballot boxes have been installed in each Rexall Drug Store, one for the male vote, the other for the women. Each night the vote will be counted, that of men and women totaled separately.

Each ballot clerk, in each town or city, after compiling his local vote, will telegraph his returns to a central point in that state. This state captain, in turn will compile the total vote for the state and telegraph these returns to the Straw Vote Director at the Boston office of the United Drug company.

In addition to this the state captain, after compiling the vote for his state, will send these returns back to each Rexall Store in his state, where they will be prominently displayed on each store window. Look-Pater-son's drug store is one of those co-operating in this straw vote.
